

**Our What, Our Why & More**

**What is The Locker Room Experience?**  
 The Locker Room Experience is a student-driven leadership initiative. It empowers students to take on leadership roles within their schools and equips them to carry that leadership into their communities after graduation. Through meaningful relationships between "coaches" and youth, the program provides student leaders with the tools and resources to identify and address challenges in their schools, fostering a culture of positive change and influence.

**Why Does The Locker Room Experience Exist?**  
 It exists to provide a supportive environment similar to a sports team's locker room, where trust and camaraderie are developed, helping young individuals to recognize their potential and steer clear of crime and violence.

**What is the Goal of The Locker Room Experience?**  
 To create a platform where students can grow as leaders and create a positive influence within their schools. By fostering relationships and equipping students with the tools, resources, and confidence to
